

Important

The Product (as defined below) is a leveraged product. It is different from conventional exchange traded funds as it seeks leveraged investment results relative to the Index (as defined below) and only on a Daily basis.

The Product is not intended for holding longer than one day as the performance of the Product over a longer period may deviate from and be uncorrelated to the leveraged performance of the Index over the period.

The Product is designed to be used for short term trading or hedging purposes, and is not intended for long term investment.

The Product only targets sophisticated trading-oriented investors who understand the potential consequences of seeking Daily leveraged results and the associated risks, and monitor the performance of their holdings on a Daily basis.

Samsung HSCEI Daily (2x) Leveraged Product

Investment Objective

The investment objective of Samsung HSCEI Daily (2x) Leveraged Product (the “Product”) is to provide investment results that, before fees and expenses, closely correspond to twice (2x) the Daily performance of the Hang Seng China Enterprises Index (HSCEI) (the “Index”). **The Product does not seek to achieve its stated investment objective over a period of time greater than one day.**

“Daily” in relation to the leveraged performance of the Index or performance of the Product, means the leveraged performance of the Index or performance of the Product (as the case may be) from the close of the relevant market of a given business day until the close of the relevant market on the subsequent business day.
